

LET'S GO CAMPING.....

HEY! ARE YOU READY? ARE YOU READY FOR CAMPING!? THE GREAT OUTDOORS, MARSHMALLOWS AT THE READY, FIRE PITS AND BBQ'S, OWLS, RABBITS, MR FOX, DEER AND THE BUZZARDS AND BATS.

WE HAVE LOTS TO SHOW AND SHARE WITH YOU..... BUT, FOR NOW, HERE IS SOME INFO ON YOUR UPCOMING STAY.

The Covid Stuff

We are certified with ['We're Good To Go'](#) managed and run by Visit Britain (National Tourism Agency) which means that we have put in place the correct government measures in regards to cleaning and managing our campsite arrivals, limiting the number of guests here at any one time and reducing contact..

Finchingfield Camping responsibilities

- Enhanced cleaning deep clean schedule of all areas
- Provide medical grade cleaning products in shared facilities
- Adhere to social distancing
- Contactless check-in
- Contactless payments before and during your stay for accommodation and firewood
- CV-19 government Risk Assessments completed
- 'We're Good To Go' assessments completed
- Track and Trace (your name and contact details) stored safely in accordance with GDPR

Your responsibilities

- Respect and adhere to social distancing measures during your stay and keep 2 metres apart where possible and 1 metre at the very least
- Wash your hands with Alco-gel before and after use of shared facilities
- Use cleaning products provided to spray and wipe down taps and handles after use of any shared facility – showers and taps
- Do not travel if you or any of your household show symptoms of Covid -19
- Have fun, enjoy the site, the views and our local village

LET'S GO CAMPING.....

Your Arrival

Check-in is between 15:00 - 20:00 **Check-out** is by 11:00

You are on holiday so the last thing we want to do is to give you a timetable. Confirm your arrival time by text or whatsapp - **Julia 07871254626**.

Vehicles and Parking

Parking is located close to the entrance where you will also find our nifty [Dura-Carts](#) for transporting your stuff down to your pitch. Some pitches are a 5 min walk away. Our Dura-Carts are lightweight and can effortlessly carry lots of bags, two kids and up to 140 kilos of stuff.

Pitches

All of our pitches have lovely views, sunshine and the same facilities – fire pit with a picnic bench and a cast iron grill so that you can use BBQ coals or wood to cook your food over. Picnic benches do have a hole for an umbrella so if you can squeeze it in the car then bring it along.

Fire Pits

Each pitch has a 60cm or 80cm fire pit or a Chimenea. The fire pits have a cast iron grill on top that can be used as a BBQ. If you bring your own BBQ you can place it on the firepit or on the grass as long as it has legs and is not too close to the ground as the grass can get very dry. All fire pits and BBQ's must be extinguished before you go to bed for fire safety. They are also in a set location and can't be moved as the grass is extremely dry. Tents must be 2m's away from fire pits.

LET'S GO CAMPING.....

The Shed

Fridge - It's not possible for us to operate the use of the fridge under the current guidelines. Therefore have a freezer in place to be used for your ice packs only and stored at your own risk.

Charging - USB charging station available. Please bring your own leads.

Firewood – We have to stay cashless. Purchase firewood in advance or while you are here with cash or a bank transfer.

Notice board – this is located outside on the side of the showers and includes safety info, location grid refs, Greener Camping Club campsite rules and local attraction info.

Showers

We have two showers on site. They are eco-friendly LPG gas run with no electricity. The showers will be deep cleaned daily and cleaning products are provided for you to use before and after use.

Toilets

You have your own private composting toilet located on your pitch. You will be given instructions on how to use the toilet. If used correctly they will not smell at all. Cleaning products and loo roll are provided.

Recycling

Together we are trying to achieve sustainable low impact camping holidays. Please help and do your bit by recycling while you are here.

- Food waste
- Mixed Recycling - soft plastic - food wrapping and cartons, cardboard, paper, cans
- none recycling
- glass recycling

Drinking Water and washing up

We have one large sink by the showers and toilets which is drinking water. At the moment the sink is only to be used for washing up and not personal hygiene, so clean your teeth in the shower - easy as that.

Another drinking water tap is also located up by The Shed close to the carpark. You must wipe down the tap and use alcohol gel on your hands before use. We recommend bringing a water carrier to limit the number of times that you use the shared taps.

LET'S GO CAMPING.....

Food and drink

Butchers

We highly recommend Sweetland Butchers based in Great Dunmow. Family run, eco friendly packaging and locally sourced quality meats. Long before we were a campsite we would pop in and have a giggle at the friendly banter going on behind the counter and stock up on a few suggested butchers favorites, perfect for a BBQ.

www.sweetlandsbutchers.co.uk

Tel: 01371 872868

Call to order and arrange collection and to check opening hours as these differ to 'normal' times.

Greengrocers

Next door to Sweetlands the Modern Greengrocer run a pop up veg stall open Thursday - Saturday. See website details below to place an order.

Things To Do

Activities

Take a look at our website for a few ideas of things to do and see while you are here. Please do ask us as we are full of ideas and local info and only too happy to help.

<https://www.finchingfieldcamping.co.uk/thingsstodo>

Local footpaths

We have a great little walking loop of about which takes you to the village. The best map to use is Footpath Map as you can track your location to make sure you are on the trite track.
